

**REMARKS**

This case has been carefully reviewed and analyzed in view of the Notice of Drawing Inconsistency with Specification dated 28 September 2006. Responsive to that Notice, the Specification has been amended to correct the inconsistency therein.

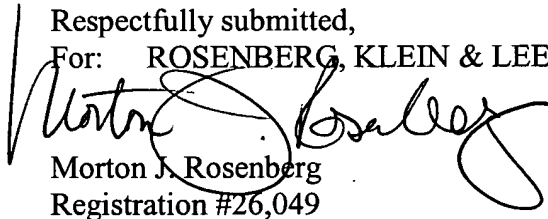

In the Notice of Drawing Inconsistency with Specification, an inconsistency between the Drawings and the Brief Description of the Drawings in the Specification was noted. Specifically, Figure 3-4 was listed in the Brief Description of the Drawings in the Specification but not contained in the Drawings.

In response to this Notice, the Specification has been amended to remove reference to Figure 3-4 in the Brief Description of the Drawings.

It is now believed that the subject Patent Application has now been placed in condition for issuance, and such action is respectfully requested.

No fees are believed to be due with this Amendment. If there are any charges associated with this filing, the Honorable Commissioner for Patents is hereby authorized to charge Deposit Account #18-2011 for such charges.

Respectfully submitted,
